Intelligence

INDEX
Volume 26, 1998

Please note: Numbers in parentheses indicate issue number.

Author/Title

A

"A Critique of the Flynn Effect: Massive IQ gains, methodological artifacts, or both?" Volume 26(4): (Joseph Lee Rodgers)

Allan, K.M. see Crawford, J.R.

Anderson, Britt. "Temporal Lobe pH and IQ: No consistent correlation," Volume 26(2): 75–79

Anderson, Mike. "A Specific Calculating Ability," Volume 26(4)

"A New Twist on Jensenism," Volume 26(3): (Alan S. Kaufman)

"A Specific Calculating Ability," Volume 26(4): (Mike Anderson)

"A Triarchic Theory of Jensenism: Persistent, conservative, reductionism," Volume 26(3): 273–282 (Ian J. Deary)

"A Twin Study of Gender-influenced Individual Differences in General Cognitive Ability," Volume 26(2): 81–89 (Valerie S. Knopik)

B

Bates, Tim. "Improved Reaction Time Method, Information Processing Speed, & Intelligence," Volume 26(1): 53–62

Baumeister, Alfred A. "Intelligence and the 'Personal Equation,'" Volume 26(3): 255–265

"The Biology of Intelligence: From association to mechanism," Volume 26(2): 63–73 (Alasdair M.J. MacLullich)

Bouchard Jr., Thomas J. "Intensive, Detailed, Exhaustive," Volume 26(3): 283–290

Bradmetz, Joel. "Is the Acquisition of a Theory of Mind Linked to a Specific Competence Beyond Three Years of Age?" Volume 26(1): 1–8

Brody, Nathan. "Jensen and Intelligence," Volume 26(3): 243–247

C

Campbell, Kenneth. see Houlihan, M.

Chu, Wen-jang. see Anderson, B.

"Costs and Benefits of Defying the Crowd in Science," Volume 26(3): 209–215 (Robert J. Sternberg)

Crawford, J.R. "Evaluating Competing Modes of the Relationship Between Inspection Time and Psychometric Intelligence," Volume 26(1): 27–42

Crawford, J.R. see Deary, I.J.

D

Deary, Ian J. "A Triarchic Theory of Jensenism: Persistent, conservative, reductionism," Volume 26(3): 273–282

Deary, Ian J. "Is Age Kinder to the Initially More Able?: Differential aging of verbal ability in the HOPE study," Volume 26(4)

Deary, Ian. see Crawford, J.R.

Deary, Ian. see MacLullich, A.M.J.

DeFries, John C. See Knopik, V.S.

Detterman, Douglas K. "Kings of Men: Introduction to a special issue," Volume 26(3): 175–180

E

Elgavish, Gabriel A. see Anderson, B.

"Evaluating Competing Models of the Relationship Between Inspection Time and Psychometric Intelligence," Volume 26(1): 27–42 (J.R. Crawford)

F

Fischl, M.A. see Legree, P.J.

"From Good Senses to Good Sense: A link between tactile information processing and intelligence," Volume 26(2): 99–122 (Shu-Chen Li)

"From the Cognitive to the Biological: A sketch of Arthur Jensen's contributions to the study of *g*," Volume 26(3): 267–271 (Philip A. Vernon)

G

Gade, Paul A. see Legree, P.J.

Gottfredson, Linda S. "Jensen, Jensenism, and the Sociology of Intelligence," Volume 26(3): 291–299

Gusrafsson, Jan-Eric. see Crawford, J.R.

H

Hermelin, Beate. see Anderson, M.

"Herrnstein's Syllogism: Genetic and shared environmental influences on IQ, education and income," Volume 26(4): (David C. Rowe)

Houlihan, Michael. "Intelligence and the Effects of Perceptual Processing Demands, Task Difficulty and Processing Speed on P300, Reaction Time and Movement Time," Volume 26(1): 9–25

Hugg, James W. see Anderson, B.

I

"Improved Reaction Time Method, Information Processing Speed, & Intelligence," Volume 26(1): 53–62 (Tim Bates)

"Intelligence and the Effects of Perceptual Processing Demands, Task Difficulty and Processing Speed on P300, Reaction Time and Movement Time," Volume 26(1): 9–25 (Michael Houlihan)

"Intelligence and the 'Personal Equation,'" Volume 26(3): 255–265 (Alfred A. Baumeister)

"Intensive, Detailed, Exhaustive," Volume 26(3): 283–290 (Thomas J. Bouchard Jr.)

"Is Age Kinder to the Initially more Able?: Differential aging of verbal ability in the HOPE study," Volume 26(4): (Ian J. Deary)

"Is the Acquisition of a Theory of Mind Linked to a Specific Competence Beyond Three Years of Age?" Volume 26(1): 1–8 (Joel Bradmetz)

J

Jensen, Arthur R. "Bibliography," Volume 26(3): 301–318

Jensen, Arthur R. "Jensen on Jensenism," Volume 26(3): 181–208

Jensen, Arthur R. "The Suppressed Relationship Between IQ and the Reaction

Time Slope Parameter of the Hick Function," Volume 26(1): 43–52
"Jensen and Intelligence," Volume 26(3): 243–247 (Nathan Brody)
"The 'Jensen Effect' and the 'Spearman Hypothesis' of Black–White IQ Differences," Volume 26(3): 217–225 (J. Philippe Rushton)
"Jensen, Jensenism, and the Sociology of Intelligence," Volume 26(3): 291–299 (Linda S. Gottfredson)
"Jensen on Jensenism," Volume 26(3): 181–208 (Arthur R. Jensen)
"Jensen's Chronomatic Research: Neither simple nor sufficient but a good place to start," Volume 26(3): 233–241 (Ted Nettelbeck)
Jordanova, Malina. see Li, Shu-chen.

K

Kaufman, Alan S. "A New Twist on Jensenism," Volume 26(3): 249–253
"Kings of Men: Introduction to a special issue," Volume 26(3): 175–180 (Douglas K. Detterman)
Knopik, Valerie S. "A Twin Study of Gender-influenced Individual Differences in General Cognitive Ability," Volume 26(2): 81–89
Knorr, Evelyn. see Neubauer, A.C.
Kohnke, Michael. see Moises, H.W.
Kuzniecky, Ruben I. see Anderson, B.

L

Legree, Peter J. "Testing Word Knowledge by Telephone to Estimate General Cognitive Aptitude Using an Adaptive Test," Volume 26(2): 91–98
Li, Shu-Chen. "From Good Senses to Good Sense: A link between tactile information processing and intelligence," Volume 26(2): 99–122
Lindenberger, Ulman. see Li, Shu-chen.

M

MacLennan, William. see Deary, I.J.
MacLullich, Alasdair M.J. "The Biology of Intelligence: From association to mechanism," Volume 26(2): 63–73
Martin, Roy C. see Anderson, B.
Mascie-Taylor, C.G.N. see Thomas, M.G.
Miller, Kevin W.P. see Thomas, M.G.
"Mitochondrial DNA and IQ in Europe," Volume 26(2): 167–173 (Mark G. Thomas)
"Mitochondrial DNA Marker EST00083 Is Not Associated with High Versus Average IQ in a German Sample," Volume 26(4): (Hans W. Moises)
Moises, Hans W. "Mitochondrial DNA Marker EST00083 Is Not Associated with High Versus Average IQ in a German Sample," Volume 26(4)

N

Neppert, Jurgen. see Moises, H.W.
Nettelbeck, Ted. "Jensen's Chronomatic Research: Neither simple nor sufficient but a good place to start," Volume 26(3): 233–241
Neubauer, Aljoscha C. "Three Paper-and-Pencil Tests for Speed of Information Processing: Psychometric properties and correlations with intelligence," Volume 26(2): 123–151

O

O'Connor, Neil. see Anderson, M.
"On Arthur Jensen's Integrity," Volume 26(3): 227–232 (Sandra Scarr)

P

Petrill, Stephen A. see Moises, H.W.
"The Pioneer Fund, the Behavioral

Sciences, and the Media's False Stories," Volume 26(4): (Harry F. Weyher)
Plomin, Robert. see Moises, H.W.

R

"Relation of Successive Percentiles of Reaction Time Distributions to Cognitive Variables and Adult Age," Volume 26(2): 153–166 (Timothy A. Salthouse)
Rodgers, Joseph Lee. "A Critique of the Flynn Effect: Massive IQ gains, methodological artifacts, or both?" Volume 26(4)
Rowe, David C. "Herrnstein's Syllogism: Genetic and shared environmental influences on IQ, education, and income," Volume 26(4)
Rushton, J. Philippe. "The 'Jensen Effect' and the 'Spearman Hypothesis' of Black–White IQ Differences," Volume 26(3): 217–225

S

Salthouse, Timothy A. "Relation of Successive Percentiles of Reaction Time Distributions to Cognitive Variables and Adult Age," Volume 26(2): 153–166
Scarr, Sandra. "On Arthur Jensen's Integrity," Volume 26(3): 227–232
Seckl, Jonathan R. see MacLullich, A.M.J.
Simor, Tamas. see Anderson, B.
Starr, John M. see Deary, I.J.
Starr, John M. see MacLullich, A.M.J.
Stelmack, Robert. see Houlihan, M.
Sternberg, Robert J. "Costs and Benefits of Defying the Crowd in Science," Volume 26(3): 209–215
Stough, Con. see Bates, T.
"The Suppressed Relationship Between IQ and the Reaction Time Slope Parameter of the Hick Function," Volume 26(1): 43–52 (Arthur R. Jensen)

T

"Temporal Lobe pH and IQ: No consistent correlation," Volume 26(2): 75–79 (Britt Anderson)
"Testing Word Knowledge by Telephone to Estimate General Cognitive Aptitude Using an Adaptive Test," Volume 26(2): 91–98 (Peter J. Legree)
Thomas, Mark G. "Mitochondrial DNA and IQ in Europe," Volume 26(2): 167–173
"Three Paper-and-Pencil Test for Speed of Information Processing: Psychometric properties and correlations with intelligence," Volume 26(2): 123–151 (Aljoscha C. Neubauer)

V

Vernon, Philip A. "From the Cognitive to the Biological: A sketch of Arthur Jensen's contributions to the study of *g*," Volume 26(3): 267–271
Vesterdal, Wendy J. see Rowe, D.C.
Vetter, Peter. see Moises, H.W.

W

Weyher, Harry F. "The Pioneer Fund, the Behavioral Sciences, and the Media's False Stories," Volume 26(4)
Wilson, Michael. see Legree, P.J.

Y

Yang, Liu. see Moises, H.W.
